Duaa Abd-Elati Abd-Elazeem

Software Engineer

dodoati4599@gmail.com | +201065728303 | Pyramids Gardens, Giza, Egypt

github/DuaA-A | linkedin.com/in/duaa-abdelati-abdelazeem

Summary

Full-stack developer with expertise in **React.js (frontend)** and **Java Spring Boot (backend)**, experienced in building scalable and maintainable web applications. Strong foundation in **SOLID principles, design patterns, and clean code practices**, ensuring high-quality and testable software solutions. Proven ability to collaborate in teams, mentor students, and support junior developers, with a focus on problem-solving, real-world application design, and continuous improvement.

Education

Cairo University Oct 2023 – **present**

Faculty of Computers and Artificial Intelligence Expected graduation: **2026**

B.Sc. in Information Systems,

Related Courses: Algorithms, Object-Oriented Programming Using C++, Data Structures, Database Management System, Advanced SQL, Data Warehouse, Web Development (PHP, JS), Advanced Software Engineering (**SOLID**, **Design Patterns**), Information Retrieval

---

Experience

Backend Development Internship Aug 2025 – Oct 2025

EgronX – With Supervision of the Dean, Dr. Reda, and Dr. Elramly

- Completed 4 agile sprints covering SDLC recap, **Agile** methodology, and backend development fundamentals.
- Collaborated with a cross-functional team (Backend, Frontend, Flutter, AI, Testing) to deliver a large-scale project.
- Developed and deployed a **Spring Boot** backend application with a teammate, integrating RESTful APIs and connecting to a **MySQL** database.
- Deployed the backend and database on Railway for live hosting and testing.
- Tested and validated API endpoints using **Postman**.
- Gained practical experience with Scrum ceremonies, Jira task management, testing practices, and **Figma** for UI collaboration.

Projects

- **Data Warehouse Project (Team project: 2025), GitHub** **(SQL Server, SSIS, OLTP, ETL, Star Schema, KPIs)**
  - Led a team of 6 to design and implement a full Data Warehouse from an OLTP source
  - Analyzed the source schema and defined business KPIs
  - Designed a Star Schema with 6+ Dimension tables and 3+ Fact tables
  - Developed and deployed SSIS packages for ETL processes (source → staging → DWH)
  - Applied data transformations and data cleansing during ETL
  - Executed analytical SQL queries to generate insights
  - Scheduled ETL workflows for automated and periodic data refresh

- **Xtatheme (Team project: 2025), Live Demo, GitHub** **(JavaScript, HTML, CSS)**
  - Collaborated with 2 team members in a Frontend Committee challenge
  - Built a complete multi-page website using pure HTML, CSS, and JavaScript
  - Designed a modern interior design website with clean UI/UX
  - Implemented a product showcase and services sections
  - Developed a fully responsive layout using semantic HTML5
  - Applied modular and section-based CSS3 styling
  - Prepared the project as a foundation for transitioning to React

- **Learning MS (Team project: 2024), Github** **(Java, Spring Boot, rest API, SQLite, Junit, Postman)**
  - Collaborated with a team of 6 to develop a web-based Learning Management System (LMS)
  - Designed and implemented RESTful APIs using Spring Boot
  - Built core features including course creation, user registration, and role management
  - Implemented role-based access control using Spring Security
  - Developed performance tracking and visual analytics for students
  - Integrated email notifications for course updates and feedback
  - Tested APIs and system functionality using Postman and JUnit

Extra-Curricular Activities & Volunteering

Frontend Instructor (Volunteer, Academic Committee) — Aug 2025 – Sep 2025

Minders Student Activity – Cairo University

- Co-led an **8-session workshop** with 2 other instructors, personally teaching **6 sessions** to a group of **10 delegates**.
- Designed and delivered **custom slides** covering **HTML, CSS, and JavaScript basics**.
- Assigned and mentored delegates on **2 frontend projects**, reviewing their work and guiding improvements.
- Collaborated with the Academic Team to design practice tasks and track delegate progress.
- **Resources: Slides Link** · **GitHub Repo** for the source code

Frontend Developer (Member, Front-End Committee) — Feb 2025 – Sep 2025

Minders Student Activity – Cairo University

- Strengthened frontend skills with a **recap of HTML & CSS**, then advanced into **JavaScript (advanced concepts)** and **React.js**.
- Applied knowledge by contributing to the **"Xtatheme" project**, implementing responsive UI components and interactive features.
- Collaborated with other front-end developers to deliver high-quality outputs in team projects.
- Recognized as **"Best Member" of the First Third (3-month phase of a 9-month season)** for outstanding contribution.

Problem-Solving Mentor (Volunteer, WinterCamp) — Feb 2025 – Mar 2025

The Helpers Student Activity – Assiut University

- Mentored **10 delegates** in introductory problem-solving and competitive programming using **C++**.
- Guided participants through solving the **ICPC Assiut Sheet – Level 0** for newcomers.
- Delivered mentoring sessions, explained problem-solving strategies, and supported delegates in debugging their solutions.
- Collaborated with the **Winter Camp** academic team to ensure smooth delivery of the workshop.

Technical Skills

Proficient In

- **Programming Languages:** C++, Java, JavaScript
- **Web Technologies:** HTML5, CSS3
- **Backend & Frameworks:** Spring Boot
- **Databases:** Microsoft SQL Server, MySQL
- **Core Concepts:** Data Structures, Algorithms, OOP, Design Patterns, SOLID Principles
- **Tools:** Git, Postman

Familiar With

- **Frontend Frameworks & Libraries:** React.js, Bootstrap
- **Web Technologies:** AJAX
- **Languages:** TypeScript

Basic Knowledge

- **Programming Languages:** Python, C#, C, PHP
- **Frameworks:** Angular, Laravel

Courses & Certificates

- **Software Development Training Program:** EgronX
- **Frontend Committee Member:** Minders Student Activity
- **Big Data Analysis:** NTI, ITIDA — Final Score **91%**
- **Best Front-End Member** Minders '25 FE Committee — **(Best Member** of the third**)**
- **C++ Mentor WinterCamp25**: The Helpers, Assiut University — **(Best Mentor** of the week**)**
- **Frontend Development using Angular,** ITI
- **Foundational C#,** Microsoft
- **HCIA-AI,** Huawei: Basics of Machine Learning & Deep Learning
- **Learn HTML&CSS,** ITI, and Mahara Tech
